

# **SUSTAINABLE PRODUCT GUIDE 2022**

*the future is in your hands*

# Sustainability

the future is in your hands

## JUST CAUSE

Elevating industry for the greater good through **sustainability and innovation** protecting **people and our planet**

## ACCOUNTABILITY

**Green Business Bureau** member since 2020 to track progress and hold us accountable to our goals

## OUR COMMITMENT BY 2023

Watson will use only **recycled polyester** in all **spandex back high performance gloves**

Watson will transition to using **recycled polyester** in all **garden gloves** and transition from thinsulate to **eco-thinsulate** lining in our winter styles

## OVER 50 STYLES

of gloves are produced with **plastic waste diverted from landfills** instead of using virgin materials

## BIODEGRADABLE POLY BAGS

Plastic poly bags are being transitioned to **biodegradable poly bags**

## CARDBOARD J-HOOKS

By 2024 we will no longer use **plastic J-hooks**. All will be made from recyclable **kraft cardboard**

## FOOD SCRAPS

Since 2018 we have diverted **6,366 lbs.** from landfills

## CIRCULAR ECONOMY

We are committed to focus on innovative products with **circular economy** in mind

## PLASTIC SHRINK WRAP

Since 2018 we have recycled **8,490 lbs.** of plastic wrap (working on an eco-shrink wrap)

## BEGINNING OF LIFE

**From bottles to gloves.** Polyester made with post consumer recycled plastic bottles

## END OF LIFE

**From gloves to energy.** Enlaced with additive to accelerate biodegradation in smart active landfills. Gloves will **degrade** in less than **10 years** as opposed to **30-200**

## RECYCLED LEATHER SCRAPS

Leather scraps from our factory are sent to make punching bags. **27,699 lbs** have been recycled since 2018

## CREDIBLE CERTIFICATION

**ASTM D5526, ASTM D5511, GRS and RCS**

Since 2020 Watson has reduced its

**CARBON** *hand print* by ~ **40,000 KG** by using WasteNot™ yarn

**3 MILLION**

post consumer bottles have been **diverted from landfills** since 2020

**Watson Gloves** is on a journey and committed to our path of **continuous improvement** when it comes to **sustainability**

Together we can make a difference **one glove at a time**

## WasteNot™

WasteNot™ is yarn that is made from 100% recycled plastic PET (polyethylene terephthalate – a form of polyester) bottles. Plastic bottles made from PET are recycled and turned into polyester to make our sustainable gloves. These gloves help the environment without the compromise in quality and performance.

## Find Your Fit

Place your right palm on the size chart with your fingers closely together. Measure the width of your hand by aligning the knuckle of your index finger beside the **red** line. This is an approximate measurement; sizing can vary slightly from style to style.

# GLOVES TO *energy*

**WATSON  
GLOVES®**  
Quality since 1918

Reclaim™ additive enhances product biodegradability in landfill conditions. Reclaim™ additive attracts microbes, which enables products to breakdown and biodegrade into biogas. The biogas is harnessed by modern smart landfills to create energy such as electricity. (ASTM D5511)

# *Bottles* TO GLOVES

Designed and sourced with environmental sustainability top of mind. WasteNot™ yarn is made from post-consumer recycled plastic bottles. The materials are certified by Global Recycled Standard and found in our new Homegrown™ and Stealth™ brand.

**W**

LANDFILL  
BIODEGRADABLE

WOMENS

# FULLY DEGRADES IN *Ten* YEARS

ASTM D5526 MODERATE LANDFILL CONDITIONS

5559PF  
**GREEN MONKEY™**

## WHEREAS REGULAR NITRILE IS EXPECTED TO TAKE OVER *200* YEARS TO BIODEGRADE

Watson Gloves Green Monkey™ nitrile disposables will break down in only 8-11 years due to an additive in the nitrile formulation. Green Monkey™ nitrile gloves have the same performance properties as regular nitrile disposables. Biodegradation only begins when the gloves are discarded in landfills conditions (ASTM D5526 – low heat, high pressure, limited oxygen, no light and low moisture). Once the biodegradation process begins, the additive in the Green Monkey™ nitrile disposables will ensure that they do not just break down into smaller plastic pieces, but are actually converted to biogas like other organic materials. ASTM D5526 shows up to 26.5% biodegradation in 390 days.

## Our Story

### Watson in a Nutshell

With a century of experience, Watson Gloves is North America's single source for hand protection at work, at home, at play. Our team of glove specialists gets tremendous satisfaction from working with our customers to find the perfect hand protection for just about any task imaginable. Whether we source our gloves from the world's finest manufacturers, or hand-craft them in our local factory, every pair of gloves we sell has been selected for top-of-the-line materials, design and craftsmanship. Try on a pair of Watson gloves. Your hands will thank you!

### Two Man Show to International Operation

In April 1918, John Watson and Wayne Stanley started a small business selling hand-crafted gloves to Vancouver's dock workers. Today, over 100 years later, Watson Gloves has grown across North America. We are among the country's leaders of distributing hand protection; offering the widest range of quality gloves for work, home and play.

How did we get here? We have stayed true to our founders' belief that quality materials and above-and-beyond customer service go hand-in-glove. We still make gloves. In fact, our artisans – with an average 20 years' experience – put the same level of dedication and craftsmanship into every pair of gloves we make, as did our founders.

Perhaps more importantly, we have expanded our horizons to keep up with our customers' changing needs. Our talented buyers travel the world over in search of the most innovative materials and designs so that we can offer the best gloves for any task: at work, at home, at play. From bustling cities to remote corners of our country and countries across the Atlantic, our team of sales reps and efficient distribution system make it easy to protect the hands of our customers.

At Watson Gloves, we do one thing, and we do it extremely well: we are the glove experts. Mr. Watson and Mr. Stanley would be proud to know that, even as we continue to grow, we continue to earn our reputation as Canada's single source for hand protection.

### Our Commitment

At Watson Gloves, quality materials and above-and-beyond customer service go hand-in-glove. You can count on Watson for:

**Quality** Every pair of gloves we sell has been hand-selected for top-of-the-line materials, design, and craftsmanship.

**Service with a Smile** Our experienced team of specialists is committed to our customers' complete satisfaction with each and every pair of Watson gloves purchased.

**Innovation** We commit to staying one step ahead of our customers; anticipating their needs and bringing the most advanced gloves for just about any job imaginable.

Watson Gloves 1920's
