Wherever possible, exit interviews will be held during the employee's final week of employment with a member of the management staff.

SECTION 3: PAY AND PERFORMANCE

3.01 PAY PRINCIPLES

John Watson Ltd. believes in paying employees for consistent and sustained competency in the performance of their jobs. We strive to:

- pay wages that are competitive with wages paid by other comparable employers (same community, similar industry, size, revenue, etc.), for jobs of equivalent responsibility, in the communities where we compete;
- pay employees in similar jobs on an equitable basis, consistent with the principles of “Pay for Performance”; and
- award pay increases based upon merit when Job Performance Standards are consistently achieved or exceeded.

3.02 JOB EVALUATION

Accepted and approved Job Evaluation techniques are used to evaluate jobs on the factors of skill, effort, responsibility, and working conditions in order to establish their relative value to each other and within the company so that accurate wage comparisons may be made between differing jobs.

3.03 PAY ADMINISTRATION

The prime determinants of pay levels and/or pay increases are the individual's sustained past performance, the individual's present wage related to the Job Rate for the job and the time the individual has been performing the job. Length of service or tenure in a position does not, standing alone, justify granting pay increases.

An individual's sustained job performance determines the maximum permissible that may be achieved. This principle means that better performers are able to achieve greater penetration into their pay range.

3.04 JOB PERFORMANCE REVIEW

John Watson Ltd. uses Job Performance Review techniques based on the following principles:

- Job Performance Standards are developed and documented for each job against which the incumbent's job performance is evaluated;
- Managers will train, coach and otherwise assist employees to meet or exceed Job Performance Standards;
- Regular feedback is provided to employees on their job performance.

3.05 PAY RANGE STRUCTURE

John Watson Ltd's pay ranges are established on a geographical basis and are structured so that:

- the Mid-point of each range reflects the rate deemed by **John Watson Ltd.** to be equivalent to the prevailing rate paid for similar jobs by comparable employers in the community;

- differences between the Mid-point for each job reflect the differences in the relative value of positions (established by Job Evaluation);
- the range spread (the difference between the Minimum and the Job rate and between the Job rate and the Maximum) of each pay range is large enough to permit recognition of differences in performance among individuals performing the work associated with that job.

3.06 OVERTIME

Overtime applies only to **Hourly** employees, it **does not apply to Salaried** employees.

Overtime work, in excess of eight (8) hours per day or forty (40) hours per week must be authorized in advance by the Departmental Manager, in the case of Fort McMurray the Prairies Manager before being worked.

Authorized overtime hours worked are paid at the rate of one and one-half (1½) times the employee's Regular wage, or its equivalent, for all hours worked in excess of eight (8) hours per day or forty (40) hours per week, in British Columbia, or **fourty-four (44) hours per week in Alberta and Ontario.**

Authorized overtime will have a set maximum of four (4) hours in addition to regular shift hours per day are paid at the rate of one and one-half (1½) times the employee's Regular wage, with total work hours not to exceed twelve (12) hours per workday.

Authorized overtime hours worked on a Sunday are paid at the rate of two (2) times the employee's Regular wage, or its equivalent, for all hours worked on that Sunday.

3.07 REPORTING PAY

In rare and exceptional circumstances **John Watson Ltd.** may be unable to provide employees with their regular work on a scheduled shift. Unless, prior to the scheduled shift starting time, an employee has been advised not to report for work, employees who report for work at the start of their scheduled shifts may be assigned to any available, alternate work and shall continue to receive their regular wages for work performed until they can be reassigned to their normal duties.

3.08 CALL-IN PAY

An employee who has left the workplace and is later called back to work outside of regular hours will be paid at the appropriate overtime rate for the greater of **four (4)** hours or the actual hours worked outside their regular shift hours.

Wherever possible, the need to call in an employee to work after regular hours shall be limited to emergency situations.

3.09 WAGE GARNISHMENTS

The law requires **John Watson Ltd.** to comply with either court-ordered or employee requested payments and wage garnishments when they are presented in writing. Employees affected by

wage garnishments or court-ordered payments will be notified by Payroll of any charge against their wages.

No person acting on behalf of **John Watson Ltd.** may dismiss; threaten to dismiss; discipline or suspend; impose any penalty upon; or intimidate or coerce any employee because of a wage garnishment or court-ordered payment.

3.10 ABSENTEEISM

Employees are expected to attend work and be punctual on every scheduled day. Any incident of employee absenteeism shall be recorded on the employee's file,

Attendance, and conversely absenteeism, will form part of all employee's Performance Evaluation.

In the case of Authorized absences, including but not limited to sick leave, vacation, jury duty, maternity/parental leave, emergency leave, the employee is required to submit the appropriate documentation for leave authorization, wherever possible, prior to commencing the leave.

Employees will be subject to counselling and/or formal discipline if they are absent or late without authorization for three (3) occurrences in a twelve (12) month period.

Employees may request recorded non-culpable absence occurrences be expunged from their records if they are occurrence-free for a twenty-four (24) month period after the last recorded occurrence.

Absence from work for three (3) consecutive work days, without notification to the immediate supervisor, is considered to be a voluntary resignation of the employee from employment.

SECTION 4: BENEFITS

4.01 BENEFITS PRINCIPLES

It is the policy of **John Watson Ltd** to provide fair and equitable benefit plans and programs based on industry practices. The following principles govern considerations regarding the type of benefit programs that may be made available to employees.

- (a) **John Watson Ltd** believes that employees are primarily responsible for their own welfare and the welfare of their dependants.
- (b) **John Watson Ltd** may make arrangements to provide appropriate benefit plans/programs that are designed to protect employees from significant financial hardship resulting from unforeseen circumstances. Where plans are provided, reasonable efforts will be made to ensure such plans are competitive with those that are generally in use in the same industry in which we compete.
- (c) **John Watson Ltd** may contribute to some, or all, of the costs of various plans, where it can afford to do so and where it is general practice to do so in our industry.
- (d) Employees may be offered the opportunity to participate in appropriate plans on the assumption that costs of a group plan would normally be less than the costs an employee would have to pay as an individual.
- (e) **John Watson Ltd** may, in its sole discretion, decide upon the following:
 - plan design or modification, including the addition or reduction of benefits;
 - introduction of new plans;
 - selection of carriers;
 - funding arrangements;

 - benefits to be provided.
- (f) Wherever possible and practical, master benefit programs shall be used for all locations of **John Watson Ltd**; however benefits under those programs may vary depending upon differing circumstances.
