

317 Lite As A Feather

Landfill biodegradable

homegrown

RECYCLED POLYESTER

15g WasteNot™ polyester textured seamless knit made from 50% (+/- 2%) recycled post consumer PET bottles provides a sure-grip

BIODEGRADABLE POLYURETHANE

Eco-conscious lightweight polyurethane coated palm engineered with Reclaim™ technology accelerates biodegradation in landfill conditions

ERGONOMICALLY FORMED

Ergonomically formed to reduce hand fatigue

SNUG-FITTING KNIT WRIST

Snug-fitting knit wrist keeps out dirt and debris

MADE FOR A WOMAN

Made for a woman's hand

OEKO-TEX® STANDARD 100

To attain Oeko-Tex Standard 100 certification, the fabric has been tested and certified to be free from harmful levels of more than 100 substances.

Billions of plastic bottles go into landfills every year. But now you can do something about it. Our WasteNot™ yarn is made from 100% recycled PET bottles. PET stands for polyethylene terephthalate which is a form of polyester. Plastic bottles made from PET are recycled and turned into polyester to make gloves.

In addition, our polyurethane gloves will break down in landfill conditions due to the Reclaim™ additive in the polyurethane formation. Biodegradation only begins when the gloves are discarded in landfill conditions (ASTM D5511). Once the biodegradation process begins, the Reclaim™ additive will ensure that they do not just break down into smaller pieces, but are actually converted to biogas like other organic materials creating a circular economy.

ASTM D5511 shows up to 26.8% biodegradation in 225 days
