

FEATURES + BENEFITS

- 1 An Ansell product, these single-use nitrile gloves are powder-free, 5 mil in thickness, and green in colour.
- 2 Superior in strength, nitrile has high resistance to punctures and tears; it offers excellent protection from oils and a range of chemicals.
- 3 This new generation material is recommended for those with latex allergies; it does not contain any natural rubber latex proteins.
- 4 The extended cuff provides additional protection to wrist and forearm.
- 5 Packaged with 100 gloves per box.

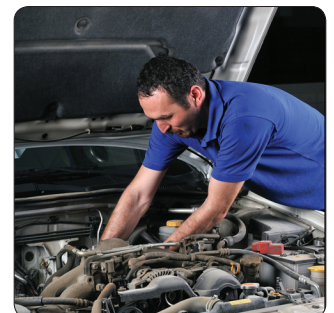

APPLICATIONS

Automotive
Laboratory Work/Medical Examination Use
Chemical handling
