

9337 Stealth Hybrid

Landfill biodegradable

STEALTH

BRUSHED ACRYLIC LINING

Brushed acrylic interior provides exceptional comfort and warmth

RECYCLED POLYESTER

10gg WasteNot™ polyester seamless knit is made from 22.56% (+/- 2%) recycled PET bottles

BIODEGRADABLE LATEX

Eco-conscious biodegradable crinkle latex coating engineered with Reclaim™ technology accelerates biodegradation in landfill conditions

WATER RESISTANT

Treated to bead water off which lasts up to 5 washes

ERGONOMICALLY FORMED

Ergonomically formed to help reduce hand fatigue

SEAMLESS KNIT WRIST

Snug-fitting seamless knit wrist keeps out dirt and debris

Billions of plastic bottles go into landfills every year. But now you can do something about it. Our WasteNot™ yarn is made from 100% recycled PET bottles. PET stands for polyethylene terephthalate which is a form of polyester. Plastic bottles made from PET are recycled and turned into polyester to make gloves.

In addition, our latex gloves will break down in landfill conditions due to the Reclaim™ additive in the latex formation. Biodegradation only begins when the gloves are discarded in landfills conditions (ASTM D5511). Once the biodegradation process begins, the Reclaim™ additive will ensure that they do not just break down into smaller pieces, but are actually converted to biogas like other organic materials creating a circular economy.

(ASTM D5511 test on entire glove is pending)
